

Dear Sir or Madam,

As you know, the state continues to make cuts to the education budget. As a result, schools statewide are cutting back on programs. Thanks to the ongoing efforts of parents and the broader Kenwood community, we have been able to continue enrichment programs. However, **the Kenwood Elementary School needs your continued support** to ensure that we are able to fund the programs in the future.

In 2018-2019, the volunteer based Kenwood Education Foundation (KEF) raised \$90,000 and was able to fund classroom assistants, PE, Art, Music, STEAM, the library and computer lab in addition to helping fund the Cougar Club afterschool program and the Preschool, all important enrichment programs not covered by state monies.

Kenwood School is able to provide a well-rounded education thanks to the generosity of people such as you. If it weren't for this generosity, we would no longer be able to offer these valuable programs.

We are asking for your support by donating any items of your choice to our annual fundraiser: Lights, Camera, Auction!, to be held on Saturday, May 16, 2020 at Hanna Boys Center..

Our goal is to raise \$85,000 at this year's auction. An investment in our children's future is certain to reap great rewards by preparing them to learn through innovation, creativity and critical thinking. If you would like to find out more about the Kenwood Education Foundation please visit our website at www.kenwoodeducationfoundation.org. Every donation counts and is greatly appreciated!

Thank you,

Jodie Spanger and Cheryl Ghisla LCA Chairs

Kenwood Education Foundation is a 501(c)(3) nonprofit organization operating under the laws of the State of California. Cash donations to KEF are voluntary, tax-deductible, and non-refundable. Tax ID #68-0422393
